

REMARKS

Claims 1-38 are pending in the application. In the Office Action mailed March 28, 2008, the Examiner issued a Restriction Requirement pursuant to PCT Rule 13.1, setting forth groups of inventions identified as Groups I-IV.

Applicants hereby elect to prosecute in the present application embodiments drawn to Group II identified by the Examiner. Claims 3, 6, and 34-38 drawn to the non-elected inventions have been cancelled without prejudice. Applicants respectfully preserve the right to pursue claims drawn to the non-elected embodiments in further divisional and continuing applications. Claims 23, 26, 31, and 33 have been amended so as to not depend from now cancelled claims 3 and 6.

In the Office Action, the examiner indicated the application is not in compliance with the Sequence Listing rules set forth in 37 CFR 1.821-1.825. Applicants are enclosing with this submission a paper copy and computer readable form (CRF) of the Sequence Listing, along with a Certificate re Sequence Listing. It is believed these documents bring the application into full compliance with the Sequence Listing rules. Applicants have also requested in the amendment above that this Sequence Listing be entered into the specification.

In the event any additional fees are due in connection with the filing of these documents, the Commissioner is authorized to charge such fees to our Deposit Account No. 07-0630.

Respectfully submitted,
GENENTECH, INC.
